Description

FACTORY-APPLIED NON-SLIP DECKING GRIP INSERTS GripDeck® Decking Insert Service is a factory applied process where we bond anti-slip decking grip inserts into YOUR timber. Send in your softwood or hardwood timber to our factory and we'll aim to turn around your order within 2-5 days. 10 YEAR WARRANTY ON ALL ANTI-SLIP INSERTS GripDeck® anti-slip decking grip inserts are highly effective; made from specialist resins and hard-wearing anti-slip aggregates bonded directly into your timber. Once bonded, GripDeck® inserts deliver a high performing anti-slip finish for your decking that will last for years. Only GripDeck® inserts come with a 10 Year Warranty. We will not be beaten on price or quality. HOW TO MAKE YOUR DECKING NON-SLIP, FAST. We deal with construction firms of all sizes every day, so we understand the importance of a fast turnaround. We offer the quickest, most effective way of making decking non-slip, whether you're based in the UK, Ireland or mainland Europe. Please get in touch if you would like more information. For a quicker and more effective service we recommend sending us your timber before softwood treatment as GripDeck® anti-slip inserts bond best to untreated timber. Our GripDeck® inserts will not be harmed by the timber treatment process after they have been bonded to your timber. We also offer a 2 day turnaround service depending on manufacturing capacity. Please note we cannot add GripDeck® inserts to your timber if wet with treatment fluids and so all
