Description

GRP GRP ANTI-SLIP FLOORING The GripDeck® GRP (Glassfibre Reinforced Plastics) line is an extremely hard wearing range of anti-slip flooring products. Our GRP represents a quick and cost-effective way to improve safety in your workplace or home, allowing you to add an anti-slip finish to slippery surfaces in an instant. GRP DECKING & STAIR TREADS, STAIR NOSINGS & FLOORING SHEETS Our range includes Anti Slip Deck Treads, Stair Nosings, Stair Treads and Sheets. Most products are installed with adhesive and screws, with matching coloured screw fixings available. SAFE NON-SLIP FLOORING. CALL NOW TO GET A QUOTE Our GRP Anti-Slip products will keep you, your colleagues and members of the public safe on your feet – even in wet, icy and oily conditions – thanks to their anti-slip quartz finish. All products are manufactured outside the UK to the high standards our customers expect, and fulfil the UK Building Regulations Act and the Disability Discrimination Act. GRP Decking Strips Wooden decking can become hazardous in wet weather or become slippery with algae in shady or damp conditions. Decking strips make slippery decking a thing of the past. Retro fit only, easy to install. GRP Sheets GRP Sheets bring safety underfoot for medium foot traffic areas including walkways, ramps and footbridges. Sheets are suitable for exterior and interior use, and can be applied to concrete, wood, stone, tiles and metal. GRP Stair Treads Suitable for exterior and interior use, our Stair Trea
